NETWORKING 101: CONNECTING WITH PEOPLE TO INCREASE OPPORTUNITIES

WORKSHOP HOSTED BY

AAG Student and Early Career Group (SECG)
Emerging Researchers in Ageing (ERA)

PRESENTED BY

A/Prof Priscilla Johanesen
Head of Teaching and Learning in the Department of Microbiology
Director of the Biomedicine Graduate Program
Monash University

Associate Professor Priscilla Johanesen is Head of Teaching and Learning in the Department of Microbiology and Director of the Biomedicine Graduate Program at Monash University.

She has a long involvement in supporting early career researchers, including playing a lead role in the development of a skills-based approach for the Monash doctoral training program.

As part of her work, both as a researcher and as an expert in teaching and learning, Priscilla has developed a strong understanding of networking strategies, including how to work with your own strengths and weaknesses.

Drawing on this background, the Networking 101 workshop will provide clear strategies and tools to assist you in connecting with people more effectively, as well as a practical session to hone your new networking skills.

IN COLLABORATION WITH:

Tuesday, 20 November 2018

1:15pm to 3:15pm

Melbourne Convention Exhibition Centre
1 Convention Centre Pl, South Wharf

\$55.00 (inc lunch prior & afternoon tea)
