Dear Iain

Congratulations on being awarded the 2022 Australian Society for Antimicrobials' Research Grant for your application:

"Optimising antimicrobial therapy to treat problematic biofilms using a novel pharmacodynamic urinary catheter biofilm model"

As per the terms of the Award:

- The successful applicant will present their work at an ASA annual scientific meeting
- The Principle Investigator will submit an article for the ASA newsletter and website
- ASA will be acknowledged on all resulting publications and presentations
- 12 and 24 month progress reports must be submitted to the ASA committee
- The research funds provided are only to be used for the project, as per the budget application. ASA does not support an institution's infrastructure or overhead costs.

Could you please arrange an invoice to be raised for \$25,000 plus GST to The Australian Society for Antimicrobials? Please do not hesitate to contact me if you have any queries.

Kind Regards

Jacson Chung
ASA Business Manager
