Research output

Is the non-identity problem relevant to public health and policy? An online survey

Deliberations of the Strategic Advisory Group of Experts on Immunization on the use of CYD-TDV dengue vaccine

Surveillance and control of asymptomatic carriers of drug-resistant bacteria

Impartiality and infectious disease: prioritizing individuals versus the collective in antibiotic prescription

Ethics, health policy, and Zika: From emergency to global epidemic?

Ethical challenges posed by human infection challenge studies in endemic settings

Influenza Vaccination Strategies Should Target Children

Zika, contraception and the non-identity problem

Human and nonhuman bioethics

The world health organization, public health ethics, and surveillance: Essential architecture for social well-being

Ethics of public health surveillance: New guidelines

Necessity and least infringement conditions in public health ethics

Research ethics governance in times of Ebola
Innovations in research ethics governance in humanitarian settings

A relational approach to saviour siblings?
Selgelid, M. J., 2015, In : Journal of Medical Ethics. 41, 12, p. 924-925 2 p.

Burden of proof in bioethics

Conflicting clinical duties

Ethical aspects of malaria control and research

Learning objective 1.1: Distinguish between public health surveillance and public health research

Monash Bioethics Review

Special double issue of Monash bioethics review inaugurating the Journal's transition to publication by Springer in 2014

Case discussion: Ethical and empirical issues concerning conditional treatment of lead poisoning from gold mining in Nigeria

Dual Use

Editorial

Freedom and moral enhancement

Moderate eugenics and human enhancement
Selgelid, M. J., 2014, In : Medicine, Health Care and Philosophy. 17, 1, p. 3 - 12 10 p.

Placebo use in vaccine trials: Recommendations of a WHO expert panel

Public health VII: Health surveillance
Mini-Symposium on after-birth abortion: Introduction

Human genetic enhancement has become one of the most controversial issues in bioethics during the past decade.

Biodefense and dual-use research: The optimisation problem and the value of security

Dual-use research

Editorial

Ethical considerations for vaccination programmes in acute humanitarian emergencies

Ethics and censorship of dual-use life science research

Ethics and dual-use research

Infectious diseases

Moral uncertainty and the moral status of early human life

Synthetic life sciences

The case for mandatory flu vaccination of children

Introduction

After-birth abortion.
Bioterrorism

Emergency Ethics: Volume 1

Ethics and Security Aspects of Infectious Disease Control

HIV/AIDS, security and ethics

Il problema delle malattie infettive tra sicurezza ed etica: il caso dell'HIV/AIDS

Infectious diseases

Infektionssjukdomar

Introduction

Moral uncertainty and the moral status of early human life

The role of informed consent in tuberculosis testing

The value of security: A moderate pluralist perspective

Ethical issues in tuberculosis diagnosis and treatment

Global health justice

Infectious Disease Ethics

Introduction
Justice, infectious diseases and globalization

Public Health Surveillance Ethics

Populations, patients, germs and genes: Ethics of genomics and informatics in communicable disease control

Back to the future: Controlling synthetic life science trade in DNA sequences

Reflections on the synthetic production of poliovirus

Infectious Disease

The mousepox experience

Professionalization as a governance strategy for synthetic biology

Governance of dual-use research: An ethical dilemma

Response to 'informed patient consent for defaulter tracing: Should we obtain it?'

A moderate pluralist approach to public health policy and ethics

Infectious disease ethics: Limiting liberty in Contexts of Contagion

Dual-use research codes of conduct: lessons from the life sciences

Managing the unimaginable: regulatory responses to the challenges posed by synthetic biology and synthetic genomics

Pandethics

Promoting justice, trust, compliance and health: the case for compensation
Ethical and philosophical consideration of the dual-use dilemma in the biological sciences

Ethics of infectious disease control

Michael L. gross, bioethics and armed conflict: Moral dilemmas of medicine and war

Ethics and research: The case of informed consent

Ethical challenges in TB control in the era of XDR-TB

Just liability and reciprocity reasons for treating wounded soldiers

A full-pull program for the provision of pharmaceuticals: practical issues

Ethics, Tuberculosis and globalization

Improving global health: counting reasons why

Infectious diseases, security and ethics: the case of HIV/AIDS

Specifying the duty to treat

TB matters more

Letter to the editor

Bioterrorism, Society and Health Care Ethics

The importance of "throwing money at" the problem of global health.
Selgelid, M. J., 1 Apr 2007, In : Indian Journal of Medical Ethics. 4, 2, p. 73-75 3 p.

A tale of two studies ethics, bioterrorism, and the censorship of science
Ethical and philosophical consideration of the dual-use dilemma in the biological sciences

Ethics and drug resistance

Pandemic and public health controls: toward an equitable compensation system.

Commentary: The ethics of dangerous discovery

Taking sociology seriously: a new approach to the bioethical problems of infectious disease

Focus on infectious disease

Bioethics: From the guest editors
Selgelid, M. J. & Battin, M. P., 1 Aug 2005, In: Bioethics. 19, 4

Democratic defense spending in an age of bioterrorism

In that case: response.

Ethics and infectious disease

Module four: standards of care and clinical trials

Universal norms and conflicting values

Bioterrorism and smallpox planning: Information and voluntary vaccination

Distribution of Resources: From the guest editors
Selgelid, M. J. & Moellendorf, D., 1 May 2004, In: Developing World Bioethics. 4, 1

Smallpox revisited?

Do patents prevent access to drugs for HIV in developing countries?
Activities
Big Data and AI for Achieving UHC: An international consultation on Ethics
Michael Selgelid (Contributor)
2017

Ethical Design of Vaccine Trials in Emerging Infections Workshop
Michael Selgelid (Contributor)
2017

Participant on Scoping Meeting
Michael Selgelid (Chair/ Co-Chair)
2017

Participant on Workshop
Michael Selgelid (Contributor)
2017

Participant: Informal Consultation on Antimicrobial Resistance and Ethics
Michael Selgelid (Contributor)
2017

WHO Scoping Meeting
Michael Selgelid (Chair/ Co-Chair)
2017

Member of Emergency Zika Committee
Michael Selgelid (Member)
Jun 2016 → Nov 2016

Participant on Forum and Contributor to Symposium
Michael Selgelid (Contributor)
2016

Policy Review
Michael Selgelid (Reviewer)
2016

Review of Government Policy
Michael Selgelid (Reviewer)
2016

Symposium on Export Control of Emerging, Biotechnologies
Michael Selgelid (Contributor)
2016

Action Meeting Participant
Michael Selgelid (Contributor)
2015

Advisor on Curriculum Development Workshop on Ethics in Implementation Research
Michael Selgelid (Advisor)
2015
Consultation on Ebola Biobanking
Michael Selgelid (Contributor)
2015

Contracted by NIH to write White Paper
Michael Selgelid (Advisor)
2015 → 2016

Expert Group Member
Michael Selgelid (Member)
2015 → 2017

Advisor to WHO Panel & WHO Director-General
Michael Selgelid (Advisor)
2014

Advisor to the WHO International Health Regulations (2005) Emergency Committee (Ebola)
Michael Selgelid (Advisor)
2014 → …

Member of WHO Ethical Issues in Public Health Surveillance Guideline Development Group
Michael Selgelid (Member)
2014 → 2017

Member of Working Group on Ebola Ethics
Michael Selgelid (Contributor)
2014 → 2016

Participant on Working Group re Experimental Treatments of Ebola
Michael Selgelid (Contributor)
2014

Participant to First Regional Forum of WHO Collaborating Centres in Western Pacific
Michael Selgelid (Contributor)
2014

Participant to WHO Consultation on Ebola
Michael Selgelid (Contributor)
2014

Participant to WHO Consultation on Ebola Therapies and Vaccines
Michael Selgelid (Contributor)
2014

Accountability in research (Journal)
Michael Selgelid (Editorial board member)
2013 → …

Journal of Medical Ethics (Journal)
Michael Selgelid (Associate editor)
2012 → 2016

Monash Bioethics Review (Journal)
Michael Selgelid (Associate editor)
2012 → …
Member of WHO Working Group on Ethical Issues in Research & Surveillance
Michael Selgelid (Member)
2011 → 2016

Canadian Institutes of Health Research (Publisher)
Michael Selgelid (Peer reviewer)
2010 → …
