Biography
Niranjan is Senior Lecturer in Education at the Clayton Campus, teaching and researching across postgraduate and graduate courses in curriculum, assessment, pedagogy and Humanities education. Originally trained as a geographer, he worked as a teacher and educational leader in secondary schools for many years before moving into tertiary education, being recognized professionally for his work as an educator in Australia and internationally. His recent tertiary leadership experience includes being (Acting) Director Initial Teacher Education Programs and Courses Leader for Primary and Secondary Education (under- and postgraduate).

Qualifications

Research output
Fieldwork as a vehicle for sustainability education: the centrality of geographical inquiry

Transculturalism and Teacher Capacity: Professional Readiness in the Globalised Age

Translating the International Baccalaureate in different educational contexts: The benefits of and constraints on teachers sharing a common lexicon

Cultural hybridity and Australian children: speaking back to educational discourses about global citizenship

Challenging the teaching of geographies of exclusion – the potential of geocapabilities for a transcultural approach in Australian and English schools

Developing teachers' environmental literacy through inquiry-based practices

Investigating the cultural understandings of International Baccalaureate Primary Years Programme teachers from a transcultural perspective

Investigating the moral territories of international education: a study of the impact of experience, perspectives and dispositions on teachers' engagement with difference in the International Baccalaureate Primary Years Programme
One giant step for...? The moon landing and its legacy for geography?

Geographical inquiry as a transcultural vehicle for education in sustainable development: the centrality of a new vision

Geography education, transculturalism and global understanding

Transnational learning experiences and teacher transcultural capacity: the impact on professional practice – a comparative study of three Australian schools

Fieldwork, sustainability and environmental education: the centrality of geographical inquiry

Transcultural capability and the Primary Years Programme: Final report

From sovereignty to modernity: revisiting the Colebrooke-Cameron Reforms–transforming the Buddhist and colonial imaginary in nineteenth-century Ceylon

The building of the transcultural capacities of preservice teachers to support their employability in a globalised world: a pilot study

Transnationalism, education and empowerment: The latent legacies of empire

Inquiry based teaching and learning across disciplines: Comparative theory and practice in schools

A lost conduit for intercultural education: school geography and the potential for transformation in the Australian Curriculum

Secondary geography and the Australian curriculum - directions in school implementation: a comparative study

Transnationalism in the Australian curriculum: new horizons or destinations of the past?

Problem-Solving: the Core of Leadership

Geography and the Australian curriculum: unfulfilled knowledges in secondary school education
Teacher transculturalism and cultural difference: Addressing racism in Australian schools  

The globalism of an empirical mutual identity: culture and thinking in comparative education  

Adult educators and ‘really useful knowledge’: Navigating democratic politics in mobile and transitional times  

Culture, Transnational Education and Thinking: Case Studies in Global Schooling  

Educational globalization, neo-liberalism and the annexation of literacy: a cautionary tale  

A failure to communicate? Cultural dispositions of thinking and some implications for teacher education  

Cultural dispositions of thinking: some implications for teaching and learning  

Geography Alive 7 for the Australian Curriculum  

The Kandyan Convention 1815: consolidating the British Empire in colonial Ceylon  

Towards cultural metaphors of thinking: preliminary findings of research into teacher learning perceptions in South Africa and Malaysia and their implications for teaching and learning  

Invoking the unicorn: the renewal of humanities teaching within an Australian secondary school  

Opening the door to a world of possibilities  

Promoting student engagement: global conflict at year ten - a strategy for building up VCE international studies  

Extending the boundaries  

Longman Outcomes: Geography  
The Faces of Development

Prizes
