

Professor. Tim Dwyer
Department of Human Centred Computing
Email: Tim.Dwyer@monash.edu

Biography

I received my PhD on "Two and a Half Dimensional Visualisation of Relational Networks" from the University of Sydney in 2005. I was a post-doctoral Research Fellow at Monash University from 2005 to 2008, then a Visiting Researcher at Microsoft Research, USA in 2008-2009. From 2009 to 2012 I worked as a Senior Software Development Engineer with the Visual Studio product group at Microsoft, USA. A highlight of this period was shipping the Code Map software dependency visualisation tool with Visual Studio 2012. In late 2012 I returned to Monash University as a Larkins Fellow where I now lead the Immersive Analytics Lab.

Qualifications

Computer Science, Doctor of Philosophy, University of Sydney
Award Date: 1 Jun 2005

Computer Science, Bachelor of Computer Science Honours, University of Melbourne
Award Date: 1 Mar 2001

Science, Bachelor of Science, University of Melbourne
Award Date: 1 Jul 1995
